ABS Wind Brasil May 2019

Our company successfully participates in the Brazil Windpower 2019 Conference

ABS Wind Brasil has participated in the 2019 edition of Brazil Windpower, presenting its offer of services in the wind industry in the country and globally.

ABS has a strong presence in the country since 2006, performing operations and maintenance in wind farms. ABS team of professionals in the wind sector can provide integrated solutions.

ABS strategic alliance with SKF in the supply of components, as well as more than 20 years of experience in the sector validate ABS as one of the referenced companies worldwide in equipment repair, engineering, and manufacturing, not only in the wind sector, but also in the sugar industry, aggregate, steel, etc.

ABS currently has repair shops in Costa Rica, Mexico, USA, and the newly inaugurated Natal, Brazil; All equipped with load-test benches.

ABS demonstrated in Windpower conference some of the recent achievements in repairs, technical improvements, competitive cost, and efficient lead times. ABS will continue to expand its presence in Brazil, supporting the growing maintenance needs and providing innovative solutions to the industry.
