Atlantic Bearing Services June 2017

ABS is an iQ Engineering & RYASA Groups company

## ISO 9001-2008 certification

Dear ABS personnel

We want to thank you all for the support and effort in ratifying our ISO 9001-2008 certification with NO FINDINGS. Also we would like to give a special recognition to Antonio Hernández for his dedication and hard work on this process.

This certification will be valid until the spring of 2018, at which point we must make the transition to ISO 9001-2015.

We all have a challenge from now on to prepare the new documentation for that transition, which is, in fact, more extensive than ever.

We will appreciate and count on the help of all those directly involved in the process.
