

ABS CONTINUES TO GROW

On January 4th, Esteban Larrea joined ABS as a Sales Engineer for our operation in Ecuador. His arrival represents a resurgence of our presence in this market. He is an Industrial Mechanical Engineer with strong commercial experience in Ecuador's steel industry.

Welcome Esteban! We are sure that we will accomplish great things together.

KEEPING YOU UPDATED ON OUR LATEST CHANGES

Reflections about 2020

We say **goodbye to 2020**, a year that has undoubtedly put our solidarity and adaptability to the test. With your support and determination, we have managed to overcome each challenge by raising our level of quality and strengthening our commitment. Thanks to you, today we are better.

We wish you **Happy Holidays** and a **2021 full of health, peace, love, and new opportunities.**

Always close,
ABS, Atlantic Bearing Services

Although 2020 was a very challenging year, thanks to **OUR TEAM**, we have adapted to the changes and risen to meet all the challenges that came our way.

Thank you for all the support, dedication, and commitment that you have given to this company.

ABS adjusted during the year, but just as we delivered on results, we delivered in honoring our commitment to our staff before the year ended.

Based on this mutual trust and respect we know we will set the wheels in motion for an extraordinary 2021! **Happy and Healthy New Year to everyone!**

"We will open the book. Its pages are blank. We are going to put words on them ourselves. The book is called Opportunity and its first chapter is New Year's Day." - Edith Lovejoy Pierce

ABS and Dale Carnegie

During 2020 ABS worked closely with Dale Carnegie in continuing with our team's training. We participated in a Workshop during our July biannual meeting and attended four webinars during the rest of the year.

Team members from our operations in different parts of the world including Jose Ugalde, Andrew Dykes, Rodolfo Jiménez and Manfred Marchena. This year we hope to certify much more team members!
